**INITIAL NARRATIVE**

Date: 07/28/2020 13:30

Officer: KANE, RYAN

On 07/28/2020, at approx. 1020hrs, I was dispatched to take a terroristic threat report over the phone. The caller stated that she has been receiving threats stating that a group of people will murder her.

I contacted the victim, verbally identified as Briana Breedlove B/F [REDACTED], via telephone. Breedlove reports that or around July 4th she got into an argument on social media with two sisters about political issues. During the argument the suspects began using racial slurs and one of the sisters said that they have connection in high places that she didn't know and they could have her killed. The sisters were identified as Jacy Rae Campbell W/F [REDACTED] and Cali Rae Campbell W/F [REDACTED]. Breedlove reported that at one point, their mother, identified as Tiffany Diei W/F [REDACTED], also got involved in the argument. The argument ended and Breedlove didn't think anymore about until she was arrested for Harassment by Corinth PD on 07/25/2020. Breedlove stated that 4 Corinth police officers came to her work and arrested her on a warrant. She was released the following morning and began receiving text messages from the phone number [REDACTED].

Breedlove reported that the first message she received said "hey monkey! I heard you were out of jail. I thought they kept animals in cages. Like they belong." She asked who it was and they replied "the "racist" who put you where you belong with the other niggers. Like my mom said, you're good for one thing. Being slaves." Breedlove asked if it was Cali sending the messages. The person replied, "you think you are so smart but can't even tell us apart. Breedlove

responded saying that she was documenting the conversation and will show it to the authorities. The person responded saying, "Oh please BITCH I told you we would ruin your life. Don't make it worse for yourself. We have connections."

Breedlove stated that that she has blocked the number since but is in fear of her life. She believes that they could try to come kill her or assault her and that Jacy was the person sending the messages after she was released from jail.

Breedlove stated that she knows both Cali and Jacy because they went to school together and were friends. Breedlove stated that she wanted to file charges against them.

I asked Breedlove to send me screen shots of the text messages. She stated that she was sending them right them, but I didn't receive them. I sent her an email requesting the screen shots again, but at the time of this report, I have not received them.

Xobrimosa:

so what do you have to say babes besides that you're racist?

Response:

What? You don't know anything about me, you don't know my past and I don't know yours, how can you call me racist just because of a shirt... if I were to call you racist or make any assumptions about you that wouldn't be fair to you, you haven't done anything wrong and neither have I, just because I support someone doesn't mean I support everyth they've said and done.

Yesterday, 12:47 PM

Xobrimosa:

yes it does.... If you support Trump then you support what he stands for which is hatred.

Response:

What hatred? Where are your facts to support that?

(IMG\_2639.png – screenshot containing the following direct messages)

Response:

What hatred? Where are your facts to support that?

Xobrimosa:

you don't think trump is hateful? (crying emoji)

Response:

I want to hear why you think he is?

Xobrimosa:

he's racist, sexist, homophobic, transphobic, xenophobic, makes fun of disabled people.. but he's not racist?

Response:

Where is your evidence stop avoiding the question

Get educated and you might have an argument

Xobrimosa:

You support trump... I don't think I'm the one who needs to be educated

(IMG\_2640.png – screenshot containing the following direct messages)

Response:

Yet you haven't provided a single bit of evidence with any of the claims you've made...

Xobrimosa:

You probably think blue lives matter too.. huh?

Response:

Most definitely

Why wouldn't I support them, because a few did horrible things? A few bad apples doesn't make the batch bad, there are plenty of really good cops, some are terrible people but not all of them.

So you don't think the system is broken?

I don't think the system is perfect, and there is innocent and guilty people who get aware and are locked up wrongful but

(IMG\_2641.png – screenshot containing the following direct messages)

Xobrimosa:

So you don't think the system is broken?

Response:

I don't think the system is perfect, and there is innocent and guilty people who get aware and are locked up wrongful but again, you have not provided a single bit of evidence for any claims you've made. I know I'm not racist, I don't see people as other colors and for you to make that assumption about me because I want to see the person running the country succeed is insensitive. Grow up and learn the world fair, you get things other people don't and don't have their other people have. Life is what you make of it, and complaining about everything won't make you happy.

(IMG\_2642.png – screenshot containing the following direct messages)

Yesterday, 8:10 PM

Xobrimosa:

evidence??? Evidence??? The evidence is overwhelming

you're just so fucking privilege and your head is so far up your ass that you can't see or even begin to understand what it's like being a minority in America when there's disgusting people like you constantly invalidating other's struggles.

You don't see people as other colors??? What kind of backwards racist comment is that?

I want to see the person running this country burn in hell along with all the people like yourself who support him and I mean that from the bottom of my heart. That man is disgusting and I feel so sorry for you because you can't see that.

(IMG\_2643.png – screenshot containing the following direct messages)

Response:

You've said there is overwhelming evidence yet you haven't provided me with anything, if there is so much then show me some. You know nothing about me or how I grew up so for you to say that is a huge assumption, notice how in this conversation who is the one getting mad and making accusations? I haven't said anything hateful to you and yet you are crying saying how bad of a person I am when you don't know me. I don't see how me saying I see people as people rather than by race is racist but you can have your own opinion. I know where I'm going when I die and it most definitely isn't where you want me to go. I found happiness through Jesus, not through making accusations about people I don't know. I hope you find what you're looking for. Have fun with whatever you're trying to accomplish.

These three women have exploite their power, wealth, and privilege to defemate my character & have me arrested. Despite the fact that they deny their racism, they've collectively called me a "nigger", "monkey", and other racial slurs.

Justice for bri (emoji)

They have also repeatedly stated that "black people are only good for one thing – being slaves", as well as threatened to have me murdered. After having threatened my life, I told the two younger girls (over social media) th would beat them up.

They then filed a police report against me for harassment and even tried to have me arrested on "terroristic" charges. A warrant (that neither I or my parents were aware of) was filed for my arrest. Saturday evening, I was surrounded by four officers

And arrested at my job. It is evident that my arrest was based on their racism & due to their wealth & connections within the police department. Please share this story to help (unknown text) not only me but all people of (unknown text)

These two woman have used their white privilege and personal connections to the cops to arrest my sister after claiming that she "harassed them" and "threatened them".  
My sister did threatened them after they called my sister a "nigger" and a "monkey" and to tell her they'd "ruin her life" and that she was nothing but a "slave" and even their mother was cally my sister racial slurs and attacking her verbally.

(wallpaper photo of Jacy CAMPBELL and Cali CAMPBELL)

They claimed they were threatened and scared of my sister yet one of them proceeded to contact her last night and harass her. My sister is not in jail anymore but this is still something that's happening.  
Their father is a fire fighter  
They've used that to their advantage. They've even admitted to having "connections" to ruin my sisters life.

Now I'm the most un-racist person ever.. but when someone has their MOM jump in an argument on social media between two teens and my daughter had posted a BLM meme/info (what starts the argument) and then the girl hopes on and says "black ppl need to get over it they are treated like that bc of how they act not the color of their skin..they are thugs, rapists,murders, have several kids with several women, don't take care of their kids" like sooo much shit then it Escalades & her MOM hops in and says just face it your a dirty n\*\*\*r and that's all ur ever gonna be then my daughter repsonds with my gpa is 4.0 & post it, then the MOM responds with well "you can train any circus monkey if you try hard enough" ..then my daughter says well this circus monkey can beat your ass ..then you go to th police and say your daughter fears for returning to school!!! I know your fucking lying.. then it takes FOUR police to come to my daughters job and arrest her ..she's a 17 year old girl at Walgreens tf was that necessary for. Then she gets charged with "harassment" and has not even seen this girl since March since school let out, was the other girl arrested? NOPE ..is her uncle a cop YES & is she white YES!!! know I'm gonna have to find her a good lawyer bc thi racist shit is out of control!! It's mind boggling!!!But my black children have no rights if they spe on what's right, or their beliefs they are then threatened, when they are not scared of these threats then they are arrested, now they are saying they kill behind their racism. Text over an image of Tiffany, Jacy, and Cali

These three women have exploited their power, wealth, and privilege to defemate my character & have me arrested. Despite the fact that they deny their racism, they've collectively called me a "nigger", "monkey", and other racial slurs. They have also repeatedly stated that "black people are only good for one thing – being slaves", as well as threatened to have me murdered. After having threatened my life, I told the two younger girls (over social media) that I would beat them up.

They then filed a police report against me for harassment and even tried to have me arrested on "terroristic" charges. A warrant (that neither I or my parents were aware of) was filed for my arrest. Saturday evening, I was surrounded by five officers and arrested at my job. It is evident that my arrest was based in their racism & due to their wealth & connections within the police department. Please share this story to help bring justice for not only me but all people of color treated unjustly.

I planned on making a video addressing these things but in all honestly, I've had approximately twelve hours of sleep since I was arrested Saturday night.. I've been informed (although I have yet to see) that the video from almost a mo ago where I threatened to beat up the two younger girls (who I cannot name), I circulating social media. I never once denied that I threatened these two girls. In MY original post, I even addressed that I did threaten them in response to being called a n\*\*\*r and monkey, and being told that black people are only good for being slaves. In addition to these clearly racial comments, the family told me that they could have me killed due to "connections higher up". In the vider I did call them "racist inbred looking trump supporters". I am in no way, shape, or form condoning violence, bullying, c

hatred of any kind. The reason I chose to share my story was to bring attention to racial injustices and racism that occurs daily across America.

Prior to all contact being cut off and being arrested, I did apologize to both girls for my behavior (and have the messages still). Again, I do not condone bullying or hatred of any kind. My video was one made out of pure emotion, not logic.

There are better ways that I could have gone about responding to their threats & racism, but a video of me defending myself shouldn't excuse their behavior or take away from my message.

We have to start standing up against racism & speaking out against racial injustices.

These three women have exploited their power, wealth, and privilege to defame my character & have me arrested. Despite the fact that they deny their racism, they've collectively called me a "nigger", "monkey", and other racial slurs.

SMH

They have also repeatedly stated that "black people are only good for one thing – being slaves", as well as threatened to have me murdered. After having threatened my life, I told the two younger girls (over social media) that would beat them up.

They then filed a police report against me for harassment and even tried to have me arrested on "terroristic charges. A warrant (that neither I or my parents were aware of) was filed for my arrest. Saturday evening, I was surrounded by four officers

And arrested at my job. It is evident that my arrest was based in their racism & due to their wealth & connections within the police department. Please share this story to help bring justice for not only me but all people of color treated unjustly.

I needed to seek advice on what I could and could not post ..these were from AFTER my daughter was arrested & released. They just will not stop.it really is crazy that ppl feel they are so privileged that can do anything, say anything and never have any consequences!! It's mind boggling!!!!But my black children have no rights if they sp on what's right, or their beliefs they are then threatened, arrested, now they are saying they kill behind their racism. S everyone who has reached out to me get this story out there anyone can get it on tv, papers, activists anything pleas do so.

Also she knew what I had posted on my private page so she's STALKING my page and is using a false alias to do so! This is what racism looks like in our county!

Officer: MILLER, PAMELA

On October 12, 2020, DENTON POLICE DEPARTMENT (DPD) Crime Analyst (CA) Pamela MILLER was briefed by DPD Detective Tommy POTTS regarding the subpoena request dated Thursday, September 24, 2020 to Charter Communications. The subpoena requested the account history for Charter Communication Inc IP Address 71.12.41.1 for the date of July 27, 2020 in the time frame 07:40:00 UTC and 08:00:00 UTC as well as subscriber information, bill information, and physical address. The significance of this IP Address was established in the Pinger search warrant response.

The information provided by Charter Communications was that the IP Address [REDACTED] on July 27, 2020 GMT was registered to subscriber Beverly ZEMCIK at 3500 E McKinney St, Apt 2102, Denton, TX 76209-7566. CA MILLER was requested to determine any associations between this address and the individuals involved in this investigation. Those individuals included: Jacy CAMPBELL, Cali CAMPBELL, Tiffany DIEROLF, and Briana BREEDLOVE.

On July 28, 2020, BREEDLOVE contacted DPD and reported a terroristic threat received via text message.

BREEDLOVE reported her home address as 3500 E McKinney St, Apt 2102, Denton, TX 76209 to DPD Communications. On July 31, 2020, DPD Detective POTTS and DPD Detective James BEARDEN contacted BREEDLOVE and Beverly ZEMCIK at 3500 E McKinney St, Apt 2102, Denton, TX 76209 for an interview related to this investigation. During the interview, Beverly ZEMCIK stated she was BREEDLOVE's grandmother.

CA MILLER reviewed databases and found that Beverly ZEMCIK is listed as the current account holder user for utilities at 3500 E McKinney St, Apt 2102, Denton, TX 76209.

CA MILLER reviewed open source information for a GoFundMe account which was created by Christina STRATFOR. The GoFundMe fundraiser is titled "Briana's Backup" and is referenced in social media screenshots in conversations between Jacy CAMPBELL and Tiffany DIEROLF. The information on the website regarding the purpose for the fundraising is:

"I am a friend of Briana's mother, Christina, and Bri holds a piece of my heart so I'm doing all that I can to see justice for my girls! Let's come together and assist with attorney fees, lessen a little bit of stress for Christina, Bri, and family! Briana Breedlove was a victim of abuse of power, wealth, and privilege. After being called multiple racial slurs such as "monkey" and "n\*\*\*\*r" and having her life threatened, a harassment charge was filed against Briana when she was simply defending herself across social media. A warrant was issued for her arrest and she was arrested at her job, a truly embarrassing thing for a child to experience. Her bail was set at 5k despite this being her first offense. This seventeen year old girl has never previously been in trouble with authorities or even in school. She volunteers in the community, is part of a multitude of school organizations and plans on attending college in fall of '21 to further her passion for writing. Please donate and/or share to help assist her family in legal funds. We have to come together as a community to help end racial injustices for all people of color."

The beneficiary for the donations is Christina ZEMCIK. On August 5, 2020, Christina ZEMCIK posted an update on the website that stated:

"Just wanted to give everyone an update on Briana's case, we wanted to announce that we have hired Temani

Adams. She is a great lawyer with a awesome track record. We truly believe she can bring justice to Briana's case, and shine light on the racial injustices that are still Unfortunately present. We would not have been able to do this with out everyone who has contributed to her go fund me. No matter the amount that you were able to donate, nothing is to small and we appreciate it so much!! Thank you all I will attach the lawyers website in case anyone is going through something similar and looking for a good attorney! [REDACTED]

### Investigative Supplement

Case #: 20064960

Offense: Terroristic Threat

Date Reported: 7/28/20

Date Assigned: 7/29/20

Victim: Briana Breedlove b/f [REDACTED]

Suspect: Cali Campbell w/f [REDACTED] Jacy Campbell [REDACTED] Tiffany Dierolf w/f [REDACTED]

### Incident Summary

On July 29, 2020 I was assigned a Terroristic Threat case which was reported to have occurred between the dates July 4, 2020 and July 27, 2020. The victim (Briana Breedlove) told officers that on or about July 4, 2020 she got into argument with two sisters about politics. Briana reported that this argument occurred on social media platforms Snapchat and Instagram. Breedlove reported that during the exchange the sisters began using racial slurs towards Breedlove. Breedlove advised that one of the sisters informed Breedlove that their family has high connections and could have her killed. Breedlove identified the sisters as Cali and Jacy Campbell. Breedlove also advised that the mother of Cali and Jacy got involved into the argument and Breedlove identified the mother as Tiffany Dierolf. Breed explained that four Corinth officers arrested Breedlove at her place of employment. Breedlove told the R/O that she was released from jail the following morning. Breedlove advised that she began receiving text messages from a phone number, which Breedlove provided as [REDACTED]. Breedlove advised that the text messages referred to her as a monkey in a cage and called Breedlove the N-word. Breedlove advised that she responded to the text messages telling them that she was reporting the messages to the authorities. Breedlove reported that "I" could ruin your life, we have connections. Breedlove told the R/O that she has blocked the phone number and she is in fear for her life. Breedlove advised that she believes that the Campbell's family could come kill her and that Jacy Campbell is the individual sending the text messages. The R/O asked Breedlove to send him the text messages from the conversation. The R/O did not receive the screen shots of the text messages, so the R/O sent Breedlove an email requesting the screen shots of the text messages, however the R/O did not get a response from Breedlove.

### Follow Up Investigation

I learned from Sgt. McIntire that several social media platforms had posts from several individuals about this case. T Corinth Police Department had also released a statement involving the case. I contacted the investigator with the Corinth PD and requested a copy of their police report. I also observed Facebook posts on Briana Breedlove's page where Breedlove is referencing the case. I observed a post in which the screen shots Breedlove reported had been

shared by several individuals. I called and scheduled an appointment with Breedlove. I along with Detective Bearde met with Breedlove and her grandmother (Beverly) at their residence on July 31, 2020.

During the interview I learned that Breedlove knows Cali Campbell and Jacy Campbell due to the individuals going to the same school. Breedlove advised that Jacy is a couple of years older and that Breedlove is in the same grade as Cali. Breedlove advised that she had hung out with Cali on one occasion outside of school. Breedlove advised that prior to this incident, she has not experienced any problems with Cali or Jacy.

Breedlove advised that a post had been made on July 4th, and Breedlove saw the post on July 6th, advising that this is when the arguing started. Breedlove advised that she commented on Cali's post, informing Cali that the post was racially insensitive. Breedlove advised that she informed Cali that due to the post that she could no longer be friends with Cali. Breedlove explained that the conversation disrupted Breedlove's boundaries and Breedlove did not feel that Cali and Breedlove had a healthy relationship. Breedlove advised that she informed Cali that her post and comment are very racist. Breedlove advised that Cali is corresponding back to her, and that they are having a conversation as to why Breedlove feels the way she feels. Breedlove told me that she received a message from Cali's mother, Tiffany. Breedlove explained that the message from Tiffany stated that what Breedlove was saying about the post is not Racism, the post is just politics. Breedlove goes on explaining that Tiffany said the problem is with black people being ignorant. Breedlove told me that Tiffany's response also said that black people should have stayed slaves, because that is what you are good at. It should be noted that according to Crime Analyst Pam Miller's report, this communication had no message about slavery. Breedlove did not respond to Tiffany, and only explained to Cali that she was just trying to express how the post and comments made Breedlove feel. Breedlove confirmed that this conversation is occurring on July 6, 2020. Breedlove then advised that she received a message from Jacy Campbell. Breedlove advised that Jacy and Breedlove were having a respectful conversation about politics. Breedlove advised that Jacy had not said anything wrong to Breedlove. Breedlove advised that she realized that the conversation was not going anywhere, stating that "they were not agreeing with me."

Breedlove advised that Jacy then messaged her advising that Jacy's mother (Tiffany) was right about you (black people), that all of you are ignorant and monkeys. Breedlove advised that she responded to Jacy saying that Breedlove hopes that the COVID-19 gets Jacy. Breedlove advised that Jacy replied, telling Breedlove that Jacy has connections higher up and could have Breedlove killed. CA Miller did not locate any communications from Jacy to Breedlove where this message is communicated. Breedlove then explained that this message was a video sent on Snapchat, and that Breedlove found that weird due to most of the other conversations being done via Instagram. Breedlove advised that she did respond to Snapchat from the Campbells via video. Breedlove advised that she threatened to beat up Cali and Jacy, and that is what the family used to file the report with Corinth. Breedlove advised a Corinth Police Officer had contacted her via phone and gathered her information for a report. Breedlove advised that she was told by the officer that she was not in any trouble and this was for documentation in case violence did occur at a later date. Breedlove again confirmed that this incident occurred on July 6, 2020.

Breedlove advised that she told the officer that she understood why he was taking a report and that she had not planned on carrying out the things that Breedlove had said on the video. Breedlove explains that she communicated to Jacy and Cali that she did not think they are bad people, just that the Campbells should pay attention to what they post on social media. Breedlove said that the officer told her to file a report regarding the comments that the Campbells made towards her.

Breedlove explained that on or about the 18th of July, she locked her keys in her car at her place of employment, which is Walgreens in Corinth. Breedlove explained that her mother received a phone call from a Corinth officer asking if Breedlove was safe, due to her car being at the closed business.

Breedlove advised that days prior to her arrest, the officer that took the report would come to Walgreens and just walk around the store and not buy anything. Breedlove found this suspicious. Breedlove advised that on the day of her arrest, four officers came to the Walgreens. Breedlove explained that one officer asked if she knew that she had an outstanding warrant. Breedlove advised that she had received a ticket a couple of months earlier, but has been making payments on the ticket, so Breedlove thought the officer was referring to the ticket. Breedlove explained that the officer placed her in handcuffs and escorted her outside before telling her what she was under arrest for. Breedlove advised that she was transported to Denton County Jail and later released the following day.

Breedlove advised that on the day of her release and into the early morning hours of the following day, she received text messages from who she believes is Jacy. Breedlove told me that "Jacy" continued to make racial slurs at Breedlove. Breedlove advised that she became aware of the fact that Jacy's family could do something to Breedlove, based on Breedlove being arrested. Breedlove was implying that the Campbells did have connections in law enforcement. Breedlove became emotional saying that she is scared of the Campbells and that she cannot believe that Jacy and Cali would do such things, because Breedlove considered them friends.

Breedlove advised that she told her mother who told Breedlove that she needed to file a police report.

Breedlove's grandmother (Beverly) asked me about the process of being filing the report and being arrested. She seemed concerned that Breedlove was told that she was not in any trouble and then later arrested her. Beverly assumed that because the officer told the parties involved to stop any communications that the situation was over.

I explained to Beverly and Breedlove the basic process of what happens when a police report is taken, and the step taken through the warrant process. I explained that each officer is going to handle the process of arresting an individual differently, and I cannot explain as to how or why Corinth PD did what they did.

I then asked Breedlove as to how the parties had communicated. Breedlove told me that they communicated through Snapchat and Instagram and the text messages. Breedlove told me that most of the communication occurred between her and Jacy, only the initial part was with Cali. Breedlove advised that most of the conversation occurred on Instagram until Jacy posted the video on Snapchat. Again, I confirmed with Breedlove that only Snapchat and Instagram were used to communicate except for the text messages that were sent after Breedlove was arrested.

I asked Breedlove if she still had those communications. Breedlove advised that she still has the text messages.

Breedlove goes on to explain that her lawyers are currently reviewing the Snapchat and Instagram messages. Breedlove explained that the (the lawyer) wants to review the messages/post with the family before handing over the communication to the police. I asked for the name of the attorney, to which Beverly (grandmother) advised that Breedlove's mother had been talking to an attorney in Houston. Beverly explained that the Houston attorney referred the family to a local attorney in the DFW area, but Breedlove nor Beverly knew the name of the attorney. Beverly explained that she was under the impression that the family was meeting with the attorney that afternoon or the following Monday. It should be noted that the dates for the meetings is July 31 and August 3.

Breedlove then explained that the Campbells made threats towards Breedlove as well as inappropriate racial comments. Breedlove advised that the first comments occurred on July 6th, and then the day after Breedlove is released from jail.

I explained to Breedlove that we, the police, need to download her cell phone in order to have evidence against the Campbells. I told Breedlove that the messages on her phone would bolster her claims of what occurred. I told Breedlove that the Campbells had done the same with Corinth PD, which is what led to Breedlove's arrest. I explained to Breedlove that the process of downloading her phone would probably take four to six hours, depending on how much information is on her phone. Beverly asked me if she could contact me after the family speaks with the attorney, to which I said absolutely and the sooner the better.

I then asked Breedlove for her username for Snapchat, which Breedlove provided clvssybre. She then provided the username for her Instagram as xobrimisa. Beverly then makes a statement towards Breedlove asking that Breedlove doesn't want me (police) doing anything with the Snapchat before the attorney finishes their process. I confirmed with Breedlove her cell phone number and her email address that was listed on the initial report.

I explained to Breedlove that as we move forward in the case, her phone contains important pieces of evidence. I would be meeting with the Campbells to get their side of the story and once I have all the pieces put together, we would see where we are with the case.

I told Breedlove that I would stay in contact and if she had any questions to contact me. I provided both Breedlove and Beverly my business card with my contact information. I asked if they had any questions, to which Beverly said that she will follow the advice of the family attorney due to her not being involved in anything like this before.

I provided Breedlove with some advice for social media postings, as to write it down and read it after some time has passed. If what you wrote sounds ok, then post it, if not, then don't post it. As I was saying this, Beverly is agreeing with me. Beverly and I joked about the days when two kids would have a fight on the playground and then later that day still be friends. I asked Breedlove if she was OK, to which she said yes. The interview was ended, and we left the residence.

On August 3, 2020 I called and spoke to Breedlove and asked what the attorney had said about her phone. Breedlove advised that she had not received any advice from the attorney as of yet and had not met with them to discuss the situation. I asked Breedlove to call me when she has heard from her attorney.

On August 3, 2020 I began to type out search warrants for the Snapchat records of the Campbells and Breedlove. During the process, I went back over the initial report that was taken by the R/O. In the narrative of the report the R/O put a phone number which is a phone number that Breedlove identified as being the number that sent the inappropriate text messages to Breedlove. I searched the database for the name of the person that is associated with the phone number (██████████). I observed that the 6174-phone number is associated with Briana Breedlove. I then compared this phone number to the listed phone number of Breedlove's cell phone, which is 940-514-6488.

I called Breedlove at the 6488-phone number and spoke to Breedlove again. I confirmed with Breedlove her Snapchat and Instagram usernames, I collected her mother's phone number, and asked Breedlove to confirm the phone number that sent the text messages. Breedlove provided me the phone number of ██████████ as the phone number that sent the racial and threatening text messages after her arrest. I confirmed the 61744 number is provided to police on three separate occasions by Breedlove as being the number that sent the racially hateful messages.

I observed that the Accurint report shows the 6174 number has an operating company of Bandwidth. I learned that Bandwidth sells phone number to phone applications companies. I observed that the 6174-phone number is

associated with the phone app Pinger. I along with Detective Baily downloaded the Pinger app on a cell phone. I observed that Pinger requires an individual to select a phone number from a list, enter some personal information and agree to the terms set forth by Pinger. Once the app is downloaded a person can create a contact with that phone number or just leave the phone number unnamed. Detective Bailey was able to send and receive text messages from his phone number and from the Pinger number. The screen on his cell phone appeared to be a conversation between two different individuals.

Once I discovered this information about the phone numbers, I wrote a search warrant for Snapchat and Pinger and sent those warrants to the appropriate companies on or about August 6, 2020.

On August 6, 2020 I met with the Cali and Jacy Campbell, Tiffany and Tony Dierolf at their residence. I explained to the family that I was there to speak to them due to Breedlove filing a police report and that I just wanted to get their side of the story as to what transpired. As we started talking, I told the family that I knew that Corinth PD had downloaded their phones and learned that the PD had given the phones back to the family. Tony asked me if I had collected the Breedlove's phone. I advised that I had not yet collected the phone, however I had requested the phone then asked Cali to explain to me what occurred between she and Breedlove.

Cali explained that on July 4th, she posted a photograph on Instagram of herself and her boyfriend who happened to be wearing a Trump shirt. Cali advised that Breedlove commented on the photograph that Cali's racism is showing. Cali advised that Breedlove also posted other comments about people who support Trump, however Cali advised the Breedlove deleted the posts. Cali advised that Breedlove is not the only person who commented on the photograph, but Cali believes that Breedlove was the first to comment on the photograph. Cali advised that some of the other comments made by individuals were like, I don't like the shirt, but the picture is cute. Cali advised that her mother, Tiffany, commented on the photograph referencing Breedlove's comment. Tiffany posted something to the effect that the photograph is not racist, its politics. Tiffany interjected by saying that racism and politics are two totally different things. Cali then advised that Breedlove "DM'ed" (direct message) Cali on Instagram asking Cali to go public. Cali advised that the reason for Breedlove asking Cali to go public is because Cali unfollowed Breedlove and sort of had Breedlove unfollow Cali, which would not allow Breedlove to reply to the comments. Cali advised that this post from Breedlove is at approximately 0400 hours in the morning on July 5th. Cali advised that later in the morning hours, Breedlove sent Cali a message asking Cali if Jacy fought all of her battles and if they shared a brain, referring to the sister's ignorance. Tiffany advised that on July 5th at 0400 hours she also received a message from Breedlove and allowed me to read the message. The message contained vulgar language and spoke about the family in a derogatory manner. The message is a screen shot that will be captured on the cell phone download that was done by Corinth P

Cali advised that Breedlove then took Tiffany's information and posted that information onto her Snapchat story. Cali advised that Breedlove again mentioned the president and discrimination when Breedlove posted the information. Cali then showed me the video that Breedlove posted on Snapchat, where she references the sisters and threatens physical harm. Cali advised that when she saw the video, the family then filed the police report with Corinth.

Cali advised that after Officer Daily had called and spoke to Breedlove, Breedlove post on her Snapchat story a message referring to Cali reporting Breedlove to the police. The posts were captured by screen shots on Cali's phone which will be in the forensic download of Cali's phone.

Tiffany explained that Cali did not respond to any of Breedlove's post and that several rumors have been spread about some of the comments. Tiffany again said that the only post that she made was under the original photograph, advising Breedlove that racism and politics are two separate things. Cali advised that the posts and video occurred between July 4 and July 6th. Cali advised that between July 6th and July 31st, that she has had no contact with Breedlove. Tiffany and Tony advised that Cali and Jacy have shut down their social media accounts. Cali advised that Officer Daily needed a phone number for Breedlove, so Cali got the phone number from a friend named Nicole. Tiffany advised that she nor the girls had the phone number to even send text messages to Breedlove.

Cali advised that she did not know Breedlove was arrested, however Cali believes that Breedlove thought that Cali knew. Cali showed me the screen shots of the text messages that have a photograph of Tiffany, Cali and Jacy. These are the messages in which Breedlove reported to the Denton Police Department. Cali also advised that Breedlove's mother posted the text message screen shots onto Facebook.

Tiffany advised that some of the rumors are that the family has connections in law enforcement, that Cali's dad is a firefighter and the uncle is a cop. Tiffany advised that people are believing that they called the uncle and had Breedlove arrested. Tiffany advised that these rumors have all come from the fake text messages about keeping monkeys in the cage. Tiffany made reference to the fact that the text messages are fake and believes that Breedlove had someone send her those messages or used an App to send the messages to herself. Tiffany advised that she has been fired from one of her Physical Therapy Contracts due to the social media "lies". Tiffany and Tony explained that their address has been posted on social media and Tony advised that one of his businesses has been attacked due to the social media posts. Tony advised that he has hired a PR firm to help clean up the mess that this incident has brought onto the family and their businesses. Tony, Tiffany and I then spoke about the process of the investigation as they are frustrated with what has happened. Tiffany asked me what proof was presented to the police from Breedlove to warrant an investigation by me. I explained to Tiffany that the text messages that have been presented on social media and

the accusations made by Breedlove had led me to their residence. The family is very adamant that they did not send any racial or threatening messages and have received over 400 death threats.

I asked Cali if she had any contact with Breedlove after July 6th, to which Cali advised said no, but Jacy advised she did contact Breedlove. Jacy advised that she did reach out to Breedlove via Instagram after Breedlove posted Tiffany's profile picture and name, which was on July 5th. Jacy advised that she asked Breedlove to give her five reasons as to why Breedlove thought Cali was racist. Jacy advised that Breedlove did not provide any reasons to Jacy so Jacy asked for an apology from Breedlove. Jacy advised that Breedlove then began attacking Jacy's boyfriend, referencing that her boyfriend has a son and Jacy is raising someone else's child. Jacy advised that this occurred on July 5th for approximately 30 minutes to an hour. Jacy advised that she knew of Breedlove, but did not hang out.

Jacy advised that after the back and forth between them on July 5th, Jacy had no other contact with Breedlove and after the Breedlove's video, Jacy blocked her on Instagram. Tony advised that he told Tiffany, Jacy and Cali to shut down the social media platforms which they did. Tiffany advised that the family has not commented on any social media platforms. Tiffany advised that she is concerned about Cali going to school since Breedlove and Cali go to the same school. Tiffany advised that she has been in contact with the school out of safety concerns.

Tony wanted to make sure that some of the family friends have sent the family messages asking them if they have seen the latest posting made by Breedlove. Tony advised that the family is not active on social media at all and only has updated information due to their friends.

I confirmed with the family that since July 6th, the family has not had any other contact with Breedlove on any type of social media or text messages. Cali advised that her friend Nicole is on the student council with Breedlove. Cali advised that Nicole called Breedlove and tried to explain to Breedlove what type of person Cali is, and that Cali is not racist. Cali advised that Breedlove then contacted Cali on Instagram, advising that Breedlove does not think Cali is a bad person, but others around Cali are bad.

Tony advised that if his family had something to hide, then they would not be cooperating with the police. We then discussed the process of downloading cellular phones and that if Corinth PD or Denton PD cannot download the phones then another option would be to take the phones to Ft. Worth PD, to the forensic lab. We ended the interview by me providing the family with the name of our PIO's and Chief Dixon's information.

August 19, 2020

I have only seen social media posts originated by Breedlove and her mother Christina Lacey, in which the hateful/threatening text messages are shown. The postings do not show the name or the contact number of the sender of the messages, which does not allow me the ability to identify the actual sender of the messages.

During the course of the investigation, I have been in contact with Breedlove several times using the cell phone number (940-514-6488) provided by Breedlove. I have asked for Breedlove's cell phone, in order to download the data. I explained to Breedlove that to complete a full investigation I would need to identify who the owner of [REDACTED] phone number belongs too. Breedlove has not provided me her phone for a forensic download.

On Wednesday, August 12, 2020 I spoke with an Attorney (Temani Adams) who is representing Breedlove. Adams told me that Breedlove would not provide her cell phone for the police to download due to other content on the device that is not related to the case. Adams told me that the police would need to subpoena the cell phone records from Breedlove's wireless carrier. I explained to the Adams that phone records will only show the phone numbers that have made contact with each other; the records will not show any content of the messages. Adams continued to explain that me that a subpoena is required to get the phone records from Breedlove's phone. Adams advised that she would contact the family and provide me with the wireless carrier for Breedlove's phone. As of August 19, 2020 I have not been contacted by Breedlove or Adams.

At this point, I am not getting complete cooperation from Breedlove and her family. I conducted a search on Accurant and learned that Breedlove's phone service is through Verizon Wireless. I applied and received a search warrant for the phone records for Breedlove's cell records on August 17, 2020. I faxed the search warrant to Verizon and I'm awaiting the results.

On Thursday, August 20, 2020 I received the results from the search warrant from Pinger. I learned that the phone number of [REDACTED] (Pinger) was activated on July 1, 2020 and again on July 27, 2020. The information provided by Pinger shows that on the July 27th active date, there is an email address associated with the Pinger Account. The listed email address is [REDACTED]. The report also shows the Pinger Username as jacycampbell216. The report provides an IP address for the date and time the Pinger account was created, which shows on 7/27/20 at 0739 UTC hours (0239 central time) a Pinger account was created at an IP address labeled [REDACTED]. The report did not have a registered phone number for the account creator and did not verify the email address listed. Attached to the report are the numbers and messages which I have viewed on social media from multiple sources, and the messages in which Breedlove received from Jacey. I also observed that Pinger provided an Apple (iOS) identification, which is a series of letters and numbers. I learned that the series of letters and numbers is an Advertising Identifier (IDFA) number. I have learned that this number is created by Apple, which is a random device identifier number which is assigned to a user's device. Advertisers use this assigned number to track data so that they can deliver customized advertising.

I contacted Apple requesting the subscriber information related the the IDFA number. Apple replied back with the following:

Dear Detective Potts,

On 2020-08-25, Apple received a legal request for information relating to device(s) with identifier(s):

After a reasonable search, Apple is not able to locate the device identifier(s) in Apple's systems. Accordingly, Apple has no data to provide.

This information was prepared by Apple personnel in the ordinary course of business and was obtained during a reasonable search of Apple data based on the information provided to us for identification.

The identifier you provided is the Advertising Identifier, or Identifier for Advertisers (IDFA). It is a 32 character identifier in an . The IDFA is a unique, non-personal, non-permanent identifier associated with Apple devices. It is not possible for Apple to identify the associated Apple device or Apple user for the IDFA / advertising identifier. If you have additional information, such as an email address, first name, last name, or phone number, please provide.

Please note:

If you have provided an IMEI and/or MEID identifier, Apple is only able to search its systems with a 15-digit IMEI and/or a 14-character MEID; as these identifiers are only kept in this format within our systems. An IMEI is a 15-digit number used to uniquely identify a mobile phone device. Mobile/wireless service providers may store a different value type for the IMEI. Most often this is the IMEISV (IMEI Software Version), which is a 16-digit number containing the first fourteen digits of the IMEI and two additional digits that are a software version number. The IMEISV is not a search parameter in Apple systems. We will have no results for any IMEI value that is 16 or more digits.

Where an IMEI related identifier is over 15 digits, it is possible to utilize the LUHN computation method to determine the 15-digit IMEI. The 15-digit IMEI can be computed by using the first 14-digits of the IMEI and the Luhn calculation to obtain the 15th digit. Reference information regarding the IMEI, IMEISV and Luhn computation method can be located online.

I also applied and received a search warrant for the email address of the email listed for the Pinger Account. I received the following information from Google:

Due to the lack of cooperation from Breedlove in providing any of the data/evidence that her phc contained, I applied and received a search warrant for the Instagram account for Breedlove.

During the course of the investigation I have communicated with Investigator (Mario Merendon) the Denton County DA's office. Merendon has received multiple hours of training on cell phone a computers and as to what those devices contain. I have spoken to Merendon several times durin the course of the investigation. At one point we discussed the results of the Pinger warrant. In th discussion, we decided to issue a subpoena to Charter for the account information using the IP address provided by Pinger. Merendon conducted research and discovered the IP address account was opened in Denton and the carrier is Charter. I later submitted a subpoena to Charte for the account information related to the IP address of

On or about October 10, 2020 I received the results back from Charter Communications. I observed the IP address of has a listed subscriber name of Beverly Zemcik with a

listed address of 3500 E. McKinney St. #2102. During the investigation I noticed that the listed address for Breedlove is 3500 E. McKinney #2102. I also contacted Breedlove at this same address. During this contact I met with a female who identified herself as Beverly, the grandmother of Breedlove. During that interaction, I learned Breedlove lives at this location with Beverly and Breedlove's mother.

As of November 13, 2020 I have not received any of the results from the Snapchat warrants. I have provided the warrant results and the phone downloads from the Campbell's phones and Tiffany's phone. CA Miller has provided me several pages of information regarding this case. During our conversations, Miller told me that on the date and time Breedlove received the hateful text messages, Cali, Jacey, and Tiffany's phones were not active. Miller also mentioned that according to social media accounts, it appears Briana Breedlove is the granddaughter to Beverly Zemcik and the daughter of Christina Lacey, also identified as Christina Maria Zemcik.

The phone numbers related to this are as follows:

Cali Campbell- [REDACTED]  
Jacy Campbell- [REDACTED]  
Tiffany Dierolf- [REDACTED]  
Briana Breedlove- 940-514-6488  
Pinger Phone- [REDACTED]

### Crime Analyst Miller Report

CA Miller noted in her report that there is no evidence from the phones belonging to Cali, Jacy or Tiffany of having ever had the phone application Pinger. CA Miller also noted the IP address for the Pinger account was never associated with Cali, Jacy or Tiffany's phones. CA Miller also noted in her report that the Pinger phone number ([REDACTED]) has never been associated with Cali, Jacy or Tiffany's phone and the same can be said for the email account [REDACTED] associated with the Pinger account.

During my review of CA Miller's report, I observed that Cali, Jacy, Tiffany and Breedlove had some communications during the month of July. The report shows Breedlove makes accusations toward Cali and Jacy and eventually Tiffany. The report indicateds that Jacy had communication with Breedlove and spoke of racial issues, including President Trump. In these messages I did not observe any communications where Jacy, Cali, or Tiffany referred to Breedlove as being a monkey or a slave as was indicated by Breedlove.

In reviewing the cell phone records from Breedlove, I observed that he cell phone is a prepaid Tracphone. The results from Verizon do not show text messages, only various phone call locations. Breedlove nor her attorney have provided any necessary information to assist in the prosecution of Cali, Jacy or Tiffany.

I have been in contact with Snapchat several times regarding the processing of the search warrants. On or about November 12, 2020 I received notifications from Snapchat advising that Snapchat would be notifying the involved parties and those parties would have 7 days to respond to Snapchat. The messages advised me the data I requested had already been collected, but the legal process had to be played out.

I learned from Tiffany Dierolf that her attorney had filed suit against Breedlove and which has caused the social media posting about Tiffany's family to start again. I informed Tiffany that I was still awaiting the Snapchat results so I can determine if Cali, Jacy or she had anything to do with the text messages received by Breedlove.

November 23, 2020

I have received the Snapchat results from the account belonging to Jacy. I notified CA Miller about the results and requested for her to analyze the data. I have also received information from Tiffany advising that the social media posts have begun again and that Breedlove posted a video on

**Incident Report**

Snapchat in response to the lawsuit filed by Tiffany. In the footage, Breedlove references Cali, Jacy and Tiffany and Tony while "shooting the bird" at the camera. Breedlove makes a statement that Cali and/or the family is harassing Breedlove. Breedlove continues by referencing Cali's family as "colonizers" and tells Cali to not be racist, therefore Cali would not have been exposed. Breedlove ends the Snapchat video by "shooting the bird" and telling Cali to "suck a dick". The video was placed into the case file.

On November 24, 2020 I received the Snapchat results for the two accounts associated with Cali and the one account associated with Jacy. Those results were placed into the case file and I notified CA Miller that I had received the results and requested for Miller to analyze the data.

On or about December 2, 2020 I learned from CA Miller that the IP address associated with Breedlove's Snapchat account matched the IP address that is associated with the racially insensitive text messages.

On December 7, 2020 I applied for an Arrest Warrant for Briana Breedlove for False Report of a Peace Officer. Based on the physical evidence, and statements made by Breedlove, I believed Breedlove or someone in the residence created the text messages and then Breedlove reported the incident to the police knowing the messages were false. Breedlove stated that she spoke to her family about receiving the messages, prior to filing the report.

I called and spoke to Temani Adams, who advised she is still representing Breedlove. I informed Adams that I had applied and received an arrest warrant on Breedlove. Adams advised that she did not understand and seem confuse about how I came to this conclusion. I informed Adams that I had evidence that the text messages originated from her residence which Breedlove is aware of and filed the report knowing the accusations are false. I asked Adams to contact me in order for me to arrange a time and day for Breedlove to turn herself in.

On December 10, 2020 I had not received any feedback from Adams, so I called and left a voicemail. I informed Adams that I was having the arrest warrant entered into the system. On December 17, 2020 I still have not received any notification from Breedlove or Adams regarding the outstanding warrant.

On December 21, 2020 I spoke with Adams who asked about Breedlove surrendering herself to the police. I told Adams that the warrant had already been entered into the system and Breedlove would just need to come to the police department, where the duty officer would be able to assist her. I provided Adams with the address of the PD. Adams advised that Breedlove was planning on turning herself in to the police within the following two days.

On December 28, 2020 I observed that Breedlove had not turned herself into the police yet. I informed the special operations unit, who is responsible for serving outstanding warrants. I provided the name and address to the unit. I later learned from Det. Laughlin that contact was made with Breedlove's grandmother, who advised that Breedlove was not home. When asked if they could look in Briana's room the grandmother denied consent. The following day I learned that Breedlove had turned herself in to the police.

I informed the command staff that an arrest had been made as well as Corinth PD. I also called Tiffany and informed her of the arrest.
